BJC GUIDELINES RE: JCAHO STANDARD HR.1.20 (Screening of Students Providing Patient Care)

- I. **Purpose.** To ensure compliance with the requirements set forth in JCAHO Standard HR.1.20, which requires criminal background and drug screening of students who provide care, treatment, and services to patients in a BJC HealthCare facility.
- II. **Applicability.** These guidelines apply to staff, faculty, students and, if applicable, volunteers, that work in the same capacity as staff that provide care, treatment, and services to patients. These guidelines do not apply to volunteers that do not provide care, treatment, and services to patients, or to students under 18 years of age.
- III. **Requirements.**
 - A. **Background check:**
 1. Prior to engaging in any work in which the student will provide care, treatment and services to any patient of a BJC HealthCare facility, each of the following must have been completed:
 - a. A criminal background check must be requested from either the State of Missouri or the State of Illinois. This check will depend on whether the individual is obtaining experience in Missouri or Illinois. In addition, a criminal background check must be requested from any state in which individual has lived or worked in the previous 10 years (or since age 18 if the individual is under 28 years of age).
 - b. A search confirms that the individual's name does not appear on the Department of Health and Senior Services Disqualification List, Division of Family Services (DFS) disqualification list or Office of Inspector General (OIG) disqualification list.
 2. Should the background check reveal prior criminal convictions or inclusion on one of the above disqualification lists, the department sponsoring the individual must contact their Human Resources representative to determine whether the individual will be disqualified. Human Resources will compare the individual's criminal convictions against the appropriate state regulations to determine whether the individual will be disqualified from participation. [See, Section V, *infra*.]
 - B. **Drug Screen:**
 1. Prior to engaging in any work in which the student will provide care, treatment and services to any patient of a BJC HealthCare facility, a negative Rapid Drug Screen must confirm that each individual is free of the following substances:

THC

- Cocaine
- Opiate
- Amphetamine
- PCP

Positive results will be forwarded to Network Reference Lab for confirmation.

2. No individual testing positive for any of the above substances will be permitted to participate in any class work, clinical rotation or internship unless the student has a legal prescription for the drug and has been medically cleared to participate.
- C. Provided students remain continuously enrolled, the background and drug screens will only be required once prior to the student beginning his/her initial rotation.

IV. Responsibility for Compliance / Cost of Screening:

1. It is the sole responsibility of the students or sponsoring educational institutions to verify and insure successful completion of these tests prior to any student beginning his or her clinical rotation. Students who have not completed the required checks will not be permitted to participate in any class work, clinical rotation or internship.
2. The cost of required background checks and drug screens will be borne by the student, volunteer, or participating educational institution.
