

Energy Efficiency & Local Solar

- Energy Conservation & efficiency:
- Cheapest energy
- Cheapest energy is the energy we don't use-
- Austin-created virtual power plant over 20 years

Energy Efficiency & Local Solar

- Reduces utility costs to residents
- Affordable housing - rent & utilities
- Mayors Climate protection agreement
- Health issues - asthma
- Creates local jobs & helps local businesses
- Keeps money in local economy - (Tom will discuss more)

Conflict/Schizophrenia Dilemma

- Conflict between PILOT - Revenue risk - general fund dependency vs. Energy Efficiency & Local solar

[Electric utility desire for more and more energy sales in conflict with lowering long term utility costs to residents and renewable energy goals.]

- Other Goals
