Now you can renew your food handler permit without going to class!

On our computer!

Yes, that’s right — you can renew your food handler card at the Health Department without going to class if: you have obtained a food handler card within the last 5 years from the Columbia/Boone County Department of Public Health.

To Renew Follow These Steps:

1. Come to The Columbia/Boone County Health Department at 1005 W. Worley.
2. Follow the signs to Environmental Health.
3. Sit down at our computer for a brief review followed by a test.

It’s that simple. Remember, renewal is not available on the internet!

The cost is still $15 and the card is still good for 3 years.

Call ahead to find out if you are eligible.
