AN ORDINANCE

declaring the need to acquire easements for construction of the Hominy Branch Outfall Relief Sewer, Phase II and the acquisition of additional easements for construction of the Hominy Creek Trail, Phase II; authorizing acquisition by negotiation or, if necessary, by condemnation; authorizing the City Manager to obtain and execute all instruments necessary for acquisition of such land; and fixing the time when this ordinance shall become effective.

WHEREAS, the Constitution and Statutes of the State of Missouri and the Home Rule Charter for the City of Columbia, Missouri, authorize the City Council to exercise the power of eminent domain, within or without the City, and among other things, to acquire, and maintain any property, real or personal within or without the City for all public uses or purposes, and to acquire, receive and hold any estate or interest in any such property; and

WHEREAS, the Council deems it necessary for the welfare and improvement of the City and in the public interest that certain private property be acquired by negotiation or by condemnation for public improvement.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council hereby declares the need to acquire the following described easements for construction of the Hominy Branch Outfall Relief Sewer, Phase II and the additional easements for construction of the Hominy Creek Trail, Phase II:

JACK AND DORIS J. OVERTON
PERMANENT SEWER EASEMENT
PROJECT: HOMINY BRANCH OUTFALL RELIEF SEWER
PARCEL: 17-217-00-03-001.00 01

A STRIP OF LAND THIRTY (30) FEET WIDE ACROSS PART OF LOT 1, RICHLAND HEIGHTS PLAT 2, RECORDED IN PLAT BOOK 31, PAGE 46 OF THE BOONE COUNTY RECORDS, LOCATED IN THE SOUTHWEST QUARTER OF SECTION 9, TOWNSHIP 48 NORTH, RANGE 12 WEST, COLUMBIA, BOONE COUNTY, MISSOURI, BEING ACROSS PART OF THE TRACT DESCRIBED BY THE WARRANTY DEEDRecorded in Book
COMMENCING AT THE CENTER OF SAID SECTION 9-48-12; THENCE WITH THE QUARTER SECTION LINE, S89°07’00”W, 77.40 FEET; THENCE LEAVING SAID QUARTER SECTION LINE, S7°44’00”W, 5.95 FEET; THENCE S35°24’00”W, 357.75 FEET TO THE EAST LINE OF SAID LOT 1, RICHLAND HEIGHTS PLAT 2, THE POINT OF BEGINNING;

THENCE FROM THE POINT OF BEGINNING, LEAVING SAID EAST LINE AND CONTINUING S35°24’00”W, 142.25 FEET; THENCE S2°19’50”E, 223.30 FEET TO A POINT ON THE CENTERLINE OF THE EXISTING SIXTEEN (16) FOOT SEWER EASEMENT SHOWN ON SAID RICHLAND HEIGHTS PLAT 2; THENCE WITH SAID CENTERLINE, S47°17’00”W, 307.40 FEET; THENCE S78°24’50”W, 336.65 FEET; THENCE S84°44’15”W, 300.25 FEET; THENCE LEAVING SAID CENTERLINE, N84°56’40”W, 145.95 FEET TO THE EAST LINE OF SAID LOT 1; THE END OF THE DESCRIBED CENTERLINE, BEING N1°41’00”E, 60.80 FEET FROM THE SOUTHWEST CORNER OF SAID LOT 1. THE DESCRIBED STRIP CONTAINS 25,290 SQUARE FEET, NOT INCLUDING THE AREA WITHIN THE EXISTING ELECTRIC AND SEWER EASEMENTS AS SHOWN ON SAID RICHLAND HEIGHTS, ALL OF WHICH IS WITHIN THE GREENSPACE ACCESS EASEMENT SHOWN ON SAID RICHLAND HEIGHTS.

RE: Easement Acquisition - Phase II of Hominy Branch Outfall Relief Sewer and Phase II of Hominy Creek Trail; and Bid Call - Phase II of the Hominy Creek Trail

EXECUTIVE SUMMARY:

Staff has prepared for Council consideration two ordinances. The first ordinance authorizes the acquisition of easements for Phase II of the Hominy Branch Outfall Relief Sewer and Phase II of the Hominy Creek Trail. The second ordinance authorizes bidding Phase II of the Hominy Creek Trail through the Purchasing department.

Phase II of the Hominy Creek Trail begins near Woodridge Park and extends northward along Hominy Creek passing underneath Interstate 70 to connect with the Hominy Trail constructed by the Links development. Phase II of the Hominy Branch Outfall Relief Sewer follows along most of this same alignment. Diagrams of the sewer and trail location for Phase II of the Sewer and Trail are attached. Also attached are easement diagrams showing the proposed easements.

Public hearings for Hominy Branch Outfall Relief Sewer and Hominy Creek Trail were held September 7, 2010. The trail and sewer projects have been divided into two phases. The Ordinance to Acquire Easements for Phase I of both the Sewer and Hominy Creek Trail were approved on September 7, 2010 to allow Phase I easement acquisition to meet critical timelines associated with the Federal Enhancement grant funding being used on the Phase I portion of the trail project.

DISCUSSION:

The easements needed in order to construct Phase II of the Hominy Branch Outfall Relief Sewer and Phase II of the Hominy Creek Trail include ten (10) permanent sanitary sewer easements, fifteen (15) permanent trail easements and eleven (11) temporary construction easements. Easements for both the sewer and trail will impact thirteen (13) property owners. All 13 property owners that will be affected by the easement acquisitions for the Phase II sewer and Trail have been recently contacted.

The Hominy Branch Trail is an important link for the north east portion of the city. The design of both Phase I and Phase II portions of the Trail are being designed by HDR Engineering. The typical cross section for the trail includes a ten foot wide concrete trail that meets ADA requirements which provides a durable hard-surface for year round use which will also minimize annual maintenance costs. The trail includes an adjacent five foot wide gravel side path for runners and joggers. This typical section can be altered at selected locations as needed to minimize width such as when the trail is adjacent to the road.
Phase II of the Hominy Creek Trail begins near Woodridge Park and extends northward along Hominy Creek passing underneath Interstate 70 to connect with the Hominy Trail constructed by the Links development. The Phase II portion of the trail is 6,144 feet in length, The Phase I section of trail is 6,072 feet in length bringing the total length of trail to 2.3 miles.

Public hearings for Hominy Branch Outfall Relief Sewer and Hominy Creek Trail were held September 7, 2010. The trail and sewer projects have been divided into two phases. The Ordinance to acquire easements for Phase I of both the sewer and Hominy Creek Trail were approved on September 7, 2010 to allow Phase I easement acquisition to meet critical timelines associated with the Federal Enhancement grant funding being used on the Phase I portion of the trail project. The Phase I project also includes coordination with a water transmission main project.

The Hominy Branch Outfall Relief Sewer project was identified as a need in the 2004 Sewer Utility Master Plan in order to provide additional sewer capacity in Hominy Branch watershed. The existing 15-inch diameter gravity sewer line does not have adequate capacity.

Public Works and Park and Recreation departments have been working with neighbors on the Hominy Creek Trail Project. Several suggestions were received and addressed. In one instance the trail was re-routed from the stream to the street side of a parcel to minimize interference with a professional dog training area. At the September 7, 2010 public hearing, two individuals addressed the council, both expressing concerns. City staff has since met again with both individuals to resolve their concerns as much as practical. All 12 property owners that will be affected by the easement acquisitions for the Phase II Sewer and Trail have been recently contacted by city staff.

**FISCAL IMPACT:**

The estimated total cost for Phase II of the sewer project is $1,289,197 ($52,597 for design, $61,500 for easements and $1,175,100 for construction) with $200,000 appropriated to date. The project is part of the revenue bond package approved by the voters in April 2008.

The estimated total cost for Phase II of the trail project is $1,151,544 ($115,098 for design, $148,000 for easements and $886,857 for construction) with $285,640 appropriated to date. The project will be paid from the GetAbout Non-Motorized Transportation Pilot Program.

**VISION IMPACT:**

Supports 12.4 – An extensive, safe network of trails and 13.1 – a safe, interconnected, non motorized transportation network.

**SUGGESTED COUNCIL ACTIONS:**

Staff is recommending Council approval of the easement acquisition and bid call ordinances.

TO: City Council
FROM: City Manager and Staff
DATE: July 22, 2010
RE: Hominy Creek Trail Public Hearing

EXECUTIVE SUMMARY:
Staff has prepared for Council consideration a resolution setting a public hearing for Sept 7, 2010, concerning the completion of the two mile Hominy Creek Trail Project. The proposed concrete trail will include two phases: Phase I will extend from Stephens Lake Park to Woodridge Park and Phase II extends from Woodridge subdivision to The Links subdivision. The project will require the acquisition of ten permanent and one temporary construction easements for Phase 1 (see attached maps). Total project cost for both phases is estimated at $3,176,000. The project will be funded with $1,320,000 from the Park Sales Tax; $500,000 from STP Enhancement Grant for Phase I and $1,356,000 for Phase 2 from the SAFETEA-LU Section 1807, Nonmotorized Transportation Pilot Program as administered by GetAbout Columbia.

DISCUSSION:
The Hominy Creek Trail project from Stephens Lake Park to The Links Golf/Apartment complex also includes the construction of both sewer and water utilities. The coordination between the utilities, Missouri Department of Transportation and the various grant agencies has made a simple trail project much more complicated. However, this coordination is critical as there must be a logical progression for the acquisition of water, sewer, recreational trail easements, construction easements, utility work and then finally, trail construction. The project is moving forward, but must meet critical dates as established by the grant agencies.

The trail is being funded by several sources. The west section (Phase 1 – from Broadway to Woodridge) is funded through a combination of Parks Sales Tax and a Federal Enhancement grant. The east section (Phase 2 – from Woodridge to The Links subdivision) will be paid for grant funds from SAFETEA-LU Section 1807, Nonmotorized Transportation Pilot Program as administered by GetAbout Columbia. Total estimated acquisition and construction costs for the project are $1,820,000 for Phase 1 and $1,356,000 for Phase 2.

The trail construction will include a ten foot wide concrete trail that meets ADA requirements, provides a durable hard-surface for year round use and substantially reduces annual maintenance costs. The trail design also includes an adjacent five foot wide gravel side path...
for runners/joggers. The project will also include three low-water style bridges designed for pedestrian and maintenance vehicle use.

An Interested Party meeting was held on May 7, 2009 for both Phase 1 (west) and Phase 2 (east). Thirty seven attended with 14 writing supportive comments and one adjacent landowner expressing concerns. Several suggestions were received and addressed. The trail was slightly realigned to mitigate the concerns expressed by one adjacent landowner. Following a public hearing on Sept 7, the Council is requested to authorize the acquisition of permanent trail easements over ten properties for the construction of the Hominy Trail Phase 1. One temporary construction easements will also be needed for the project. The total easements to be acquired for phase 1 will include ten permanent and one temporary construction easements. Most of the property owners from which the easements are required have indicated a willingness to work with the City on the acquisition of those easements for the trail project.

Once the public hearing is scheduled for September 7, 2010, staff will return to Council at their August 16, 2010 Council meeting to request an ordinance be introduced authorizing the acquisition and construction of the project. The three Council meeting timetable for this project is necessary to meet the 21 day Federal requirement for public notification.

The trail through The Links subdivision/golf course has already been constructed by the developers so the Phase II section of this trail ties into that completed project.

FISCAL IMPACT:
The total budget for the project is $3,176,000 and is funded by the Park Sales Tax, Federal Enhancement grant, and the Nonmotorized Transportation Pilot Program as administered by GetAbout Columbia.

It is anticipated that the trail will be constructed with concrete, thus reducing the annual maintenance costs. It is anticipated that there will be periodic maintenance activities, such as: occasional trash pickup, graffiti removal, tree pruning and occasional mowing. These maintenance activities are all labor related with very few, if any materials/supplies required. Staff believes that these tasks will be able to be absorbed in the current operating budget. At this time, the department is not requesting any permanent or temporary employees based on the addition of this trail, but as other trails are added or developed, the addition of permanent employees or the conversion of temporary salaries to permanent may be requested.

VISION IMPACT:
12 Vision Statement: A network of attractive and safe parks and recreational amenities are connected by trails and greenways that provide area residents with access to nature, recreation, and facilities for active play, both indoors and out.

12.4 Goal: An extensive, safe network of trails will accommodate a variety of users ranging from recreational to nonmotorized travelers. This network may include roadway and public transportation infrastructure to connect parks, neighborhoods, schools, and businesses.
12.4.1 Strategy: Coordinate efforts of different interest groups to develop and fund a multi-use trail network, using sidewalks where trails are not feasible.
12.4.2 Strategy: Achieve trail connectivity in new and existing developments.

SUGGESTED COUNCIL ACTIONS:
Approve the resolution setting the public hearing.
A RESOLUTION

declaring the necessity for construction of the Hominy Trail Phase I (from Broadway to Woodridge Drive) and Phase II (Woodridge Drive to Clark Lane) project; stating the nature of and the estimate of the cost of the improvement; providing for payment for the improvement; providing for compliance with the prevailing wage law; and setting a public hearing.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council deems the construction of the Hominy Trail Phase I (from Broadway to Woodridge Drive) and Phase II (Woodridge Drive to Clark Lane) project, necessary to the welfare and improvement of the City.

SECTION 2. The nature and scope of the improvement shall consist of furnishing all labor, materials, transportation, insurance and all other items, accessories and incidentals thereto necessary for the complete construction of the improvements.

SECTION 3. The estimated cost of this improvement is $3,176,000.00.

SECTION 4. Payment for this improvement shall be made from Park Sales Tax Funds, Surface Transportation Program Enhancement Funds, Non-Motorized Transportation Funds and such other funds as may be lawfully appropriated.

SECTION 5. Any work done in connection with the construction of the improvement specified above shall be in compliance with the provisions of the prevailing wage laws of the State of Missouri. The City shall also cause to be inserted into the contract a stipulation that all laborers and mechanics employed by the contractor or subcontractors in the performance of work under the contract shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act.

SECTION 6. A public hearing in respect to this improvement will be held in the Council Chamber of the City Hall Building, 701 E. Broadway, Columbia, Missouri, at 7:00 p.m. on September 7, 2010. The City Clerk shall cause notice of this hearing to be published in a newspaper published in the City.

ADOPTED this 2nd day of August, 2010.
