LEAGUE DIVISIONS

In order to promote a universal standardization of volleyball leagues, the United States Volleyball Association's rules and regulations will govern league classifications. League divisions are designed to differentiate between levels of competition. Teams are encouraged to enter the appropriate league that will enable them to compete at a reasonable level. If a team enters a league that is deemed beneath or above their level of play, the Sports Programming Supervisor reserves the authority to relocate the team to the appropriate level. Basic league definitions are listed below.

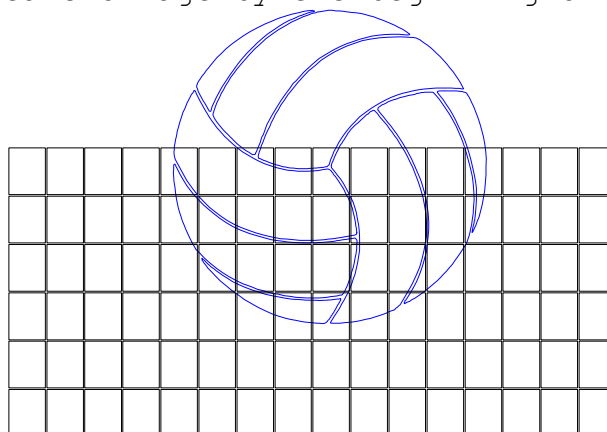

"B" LEAGUE: This league is designed for the beginning, semiskilled players that demonstrate a basic to moderate understanding of the game. Teams that participate in "B" Leagues are interested in volleyball for it's recreational value. Overhand serves and spiking will be allowed and players must "bump" the ball to receive the serve. Overhand jump serves are not allowed.

"BB" LEAGUE: This league is designed for the intermediate skilled players that demonstrate a moderate understanding of the game. A closer adherence to the rules is expected. Violations that are enforced more strictly include double hits (contacting the ball with hands unclasped), lifting and pushing.

OPEN LEAGUE: This league is open to all Men, Women and Coed competitive teams. The net will be set at 7' 11 5/8" without any restrictions on player eligibility. For example, male players may substitute for female players and vice-versa. Teams may play five females and one male or any player combination if so desired.

OVER 50 LEAGUE:

All players must be 50 years of age by the beginning of the season to participate.
Open league rules apply.
